Please figure your total here:
 \$ _____ Suit / item
 \$ _____ Modifications
 \$ _____ Shipping/handling

 \$ _____ Subtotal
 \$ _____ Deposit –

.....
 \$ _____ Balance due (US Dollars)

Please ask a good friend who will follow directions to measure you. Don't try to measure yourself – or your suit will not fit correctly. We cannot guarantee fit when we do not do the measuring. We will, however, work with you until it does fit, at cost. If you have questions about these directions please call.
 Measure with a cloth tape draped softly, pulled firmly but not tightly, from one point to the next. Do **not** try to match sizes you normally buy – we have our own patterns and methods.

- 1. Arm/Sleeve.** Place tape at the joint between neck and the shoulder just below the ear, run across the shoulder, down over the elbow (arm hanging straight) to the crotch of the thumb. _____
- 2. Chest.** Measure the largest point around the chest or bust below the arms. Take a deep breath, but not that deep! _____
- 3. Waist.** Measure around where you wear your belt or where you would like to wear it. _____
- 4. Hips.** Measure around the largest part of hips. First remove all the items in your pockets. _____
- 5. Front Torso.** a. Measure from the hollow at the base of your neck to belt line _____ b. Then hitch up your pants and measure on down (from the neck) to the level of your crotch _____. **LOOK STRAIGHT AHEAD – not down – while being measured.**
- 6. Back Torso.** a. Measure from the large protrusion in your spine at the base of the back of the neck to the belt line. _____ b. Then on down your bums just past the curve but not into the crotch area _____
- 7. Inseam.** a. Hike up your pants and measure from the tip of the pubic bone in the crotch over the front of the kneecap _____ b. Then down the leg to the inside of the ankle, just below the ankle bone _____ (this will be longer than your normal pant's inseam).

- 8. Hood.** Measure from the desired hairline over top of head, down the back of the head to the large protrusion at the base of your skull _____
- 9. Wrist.** Measure around the largest part of the wrist _____
- 10. Height.** _____

To help us catch errors, please provide your normal sizes your wear for:
 Pants: _____
 Shirts: _____

Fabric Choices:

- 500d Cordura body – for flexibility with 1000d pockets and patches for strength and abrasion resistance.
- 1000d Cordura for total garment.
- 1000d uncoated (more breathability) \$10 extra for finishing edges to avoid raveling.
